

DevOpsDays Cairo Conference 2024

Call for Proposals

25 September 2024—Cairo, Egypt

About DevOpsDays

Conference:

DevOpsDays Cairo Conference is a one-day event and this year the Conference is addressing DevOps in the era of Technology Evolution.

Conference Organization:

Organizing Committee

- SECC-ITIDA
- ATOS
- Cairo University
- Cegedim
- DXC Technology
- Orange Labs

Call for Proposals:

Devopsdays is a worldwide series of technical conferences covering topics of software development, IT infrastructure operations, and the intersection between them.

DevOps is a symbiotic relationship with technology evolution!

DevOps at the heart is about continuous improvement and optimization. DevOps is highly impacting and highly impacted by different waves of technology evolution.

New advancements empower DevOps practices, while DevOps itself as one of the key drivers in software industry, shapes how technology is developed, deployed, and managed. This ongoing loop fuels the rapid evolution of the tech industry.

The theme this year is **DevOps in the Era of Technology Evolution**.

SECC/ITIDA are organizing DevOpsDays Cairo 2024 Conference in cooperation with ATOS, Cairo University, Cegedim, DXC Technology and Orange Labs.

We solicit high quality contributions in one or more of the following two types of submissions:

- **Talk:** A 30-minutes talk presented during the conference.
- **Ignite:** An Ignite talk presented during the Ignite sessions (scheduling varies). These are 10-minutes slots with 20 slides in total.

Conference Topics:

DevOpsDays Conference's domains include, but are not limited to, the following:

- Development & Architecture (including Microservices, Low-Code-Apps, use of LLMs for Dev, Service Mesh)
- Reliability Engineering (including Observability, Monitoring, Tracing, Alerting, etc)
- Infrastructure (including Cloud vs. OnPrem, Virtual vs. Physical, Serverless, Infrastructure-as-Code, Containerization)
- Security (including DevSecOps, Vulnerability Management)
- Technology lines & frameworks affected and effecting DevOps (including AI, Automotive, Agile, CMMI, ITIL, ...etc)
- Any other topics relating to DevOps.

Organizers

Cairo University

Important Dates:

Deadline for Submission	21 July 2024
Notification to speaker	11 August 2024
Conference	25 September 2024

Submissions:

Proposals must be done electronically via this link:
